FATAL HUNTING ACCIDENT.

Boy Shot by Brother While Rabbit Hunting.

Cyril Weaver the 13-year-old son of Mr. and Mrs. Frank Weaver of New Oxford, was the first victim of the hunting season on Nov. 1. He was shot by an older brother, Severine Weaver. The boys had started on a hunt for rabbits and were near the brickyard about a mile and a half from New Oxford when a fence was reached and Cyril handed his gun to his brother and got up on the fence. The brother playfully pointed the gun at his brother and called "look out." The gun went off and Cyril fell to the ground mortally wounded with load of shot near the heart. He died in a few minutes. The distraught companion secured help and removed the body to his home. The funeral will be held this Saturday morning by Rev. Fr. Stock and interment made in the Catholic Cemetery, New Oxford. He is survived by his parents, and five brothers and sisters, Margaret, Severine, Arthur, Francis and a baby brother.

John McSherry the 19-year-old son of Mr. and Mrs. James McSherry of Littlestown, received several shot in the face when Mr. Straley of York fired at some birds. The boy was in his own yard. It is feared he may lose the sight of one eye.

Andrew Aitland, aged 30 years, living near East Berlin, received twenty shot in his right leg while hunting on Wednesday morning. The wounds are not believed to be serious.

The auto of Mr. Baumgardner was badly damaged, the radiator twisted, the cylinders knocked out of place, windshield and lights smashed.

On Monday the auto of David Cluck of this place and the Caledonia bus struck each other in passing, both vehicles being damaged, and William Bailey of Reading, a passenger in the bus was thrown out and sustained injuries to his right side and leg.

Wanted—Protection From Fire.

The Town Fathers are risking the destruction of this town by fire. The new auto engine is under lock and key in the hands of the owners in Philadelphia. The old engine was loaned to the Brick Company to pump water out of a hole. It is supposed to be dirty and in need of repairs. How long, oh how long are the Town Fathers going to take such awful risks. Let them do something quick and do it at their next meeting. Why spend money in litigation while the protection of the town is at stake.

Give Wilson a Democratic Congress with a vote for Democratic candidates for Congress and U. S. Senate.

DEMOCRATIC MASS MEETING

ASSISTANT SECRETARY OF WAR SPEAKS.

Dr. W. T. Baylis Tells in Thrilling Way Why Country Wants Wilson and Peace.

The Democratic mass meeting was an unqualified success in every way. The room was packed with a large audience and many had to stand in the aisles. It was an enthusiastic meeting. The Citizens' Band led the cheering parade to the Court House and there were many demonstrations in the hall for Wilson, and the speaker delivering able and oratorical speeches were interrupted again and again with wild applause.

Associate Judge W. Howard Dicks was named as president of the meeting with Wm. Arch. McClean and Charles E. Stahl as the vice presidents. Hon. George J. Eganer introduced the speakers.

Hon. William Ingraham, Assistant Secretary of War, an able lawyer and a Maine judge, who has made a name for himself, delivered a most convincing speech. He pointed to the unfair criticisms of President Wilson and his administration saying that the cause that had to be bolstered up with the repeated misrepresentations made by Mr. Hughes and other critics did not deserve the attention of the voters. He called attention to the great constructive record of the President and the campaign made by his opponents, simply criticism with not a constructive thought of what would be done. He referred to the great demonstrations for preparedness in the parades participated in by hundreds of thousands of people and that the administration had given the country what it asked for in legislation for preparedness, something the Republicans had ignored for years. He told of the constructive legislation of President Wilson for the masses, the reserve bank law which had saved the country from a financial crisis, the legislation for the laborer, eight-hour law, child labor law, the legislation for the farmer. He declared there was more constructive legislation enacted under President Wilson than any president in the history of the country with the exception of Washington and Lincoln. At the conclusion he read Secretary of War Baker's denial of any reflection on the character of the Revolutionary soldiers, made by the desperate opponents. Mr. Ingraham urged that the voters not only support Wilson but the candidates for Congress, for it was necessary for Mr. Wilson to be able to continue his good work for the people by having a Democratic Congress.

Hon. Andrew R. Brodbeck was next introduced and made a forceful argument in favor of the administration of President Wilson.

Dr. W. T. Baylis of New York, made the concluding speech, a brilliant one with impassioned periods. He held the audience spell bound with his eloquence. He was a Progressive in 1912 and supported Roosevelt and told of the latter's desertion of the Progressive cause and how President Wilson had given the country the progressive legislation his party had advocated. He was now pleading the cause of President Wilson with all his might.

He brought the message that the country did not want war but peace, and Wilson was the man who would leave nothing undone to maintain peace. Dr. Baylis had been in war stricken Europe and described in a most graphic and thrilling way the horrors of that war. He mentioned the fact of seeing a line of men pass near where he was that took an entire day to pass, being one of the army corps moved to the front and a few days later 127 trains of wounded men were brought back. It was from such a horrible war, where our people would be destroyed and mutilated, that President Wilson had saved the nation and he deserved the support of all people regardless of party for the magnificent work he had done.

Give Wilson a Democratic Congress with a vote for Democratic candidates for Congress and U. S. Senate.

COLLEGE Y. M. C. A. BUILDING.

Dedication of Site by Woman's League of the College.

The College Y. M. C. A. building, annual convention of the Woman's League of Gettysburg College, held on Thursday and Friday.

The plan for the building by Architect Baum is a three story building of colonial architecture, of brick with portico supported by four pillars. The lower floor of the new Y. M. C. A. building will contain a swimming pool 25 x 60 feet, the necessary locker rooms, shower baths, and so on. On the main floor are the library and reception rooms, reading room, recreation room, rooms for Bible and mission study, office, and a rest room for the visiting mothers and friends of the boys. These rooms, with the exception of the reading and study rooms, surround a large lobby from which stairs lead to the upper floor.

The greater part of the upper floor is occupied by the large auditorium, seating 500; but there is, also, a guest room with bath, a bed room and a living room for the student Y. M. C. A. secretary, and a kitchenette from which refreshments at the Y. M. C. A. receptions may be served.

The building will cost \$30,000 and reports made at the meetings of the League showed that \$7,000 had been collected for the building.

The site selected is at the southeast corner of Nixon Field facing North Washington street and was formerly dedicated with interesting program on Thursday afternoon.

A Y. M. C. A. building as proposed is one of the great needs of Gettysburg College and should appeal to every friend of the institution and it is hoped there will be a quick outpouring of the money needed to go right ahead with the building.

The convention of the Woman's League opened Thursday morning in Phrena Hall with reading of scripture by Mrs. Clarence Pannell of Harrisburg. Dean P. M. Bikle made the prayer. The address of welcome was delivered by Mrs. G. D. Stahler and response by Mrs. H. W. Snyder of Shippensburg. The roll call of Leagues was made by Mrs. Karl J. Grimm and representatives were present from ten Leagues when credentials were presented to Mrs. C. F. Sanders.

The afternoon session was opened by scripture reading by Mrs. L. E. Kirch of Pittsburgh and prayer by Mrs. J. A. Simonton of Allentown. Mrs. M. K. Eckert sang a solo. Mrs. W. H. Bayly of Washington, D. C., president of the Leagues, made the annual address. Following reports were received and read: Executive Committee by Mrs. H. W. A. Hanson of Harrisburg; Tentative Plans for College Y. M. C. A. Building, by Mrs. W. A. Granville; Treasurer's Report, by Mrs. H. McCreary, of Indiana; Recording Secretary, by Mrs. K. J. Grimm; Corresponding Secretary, by Mrs. C. F. Sanders; Literature Committee, by Mrs. H. C. Alleman, of this place. The benediction was by Dr. A. E. Wagner.

The dedication of the Y. M. C. A. building site opened with music by the College Band. J. Henry Ehlers, College Y. M. C. A. Secretary of the State of Pennsylvania, made a prayer. Dr. W. A. Granville delivered an address: Mrs. W. H. Bayly unveiled the marker at site; students sang "Onward Christian Soldiers"; and Dr. J. A. Singmaster made the benediction.

Thursday evening a session was held in Brna Chapel with an address by E. D. Warfield, D.D., LL.D., president of Wilson College, Chambersburg. Later President and Mrs. Granville held a reception at the White House.

The concluding session was on Friday morning, with devotional services by Mrs. F. G. Gotwald of York and prayer by Mrs. H. C. Reller of Pittsburgh. A symposium on League work was held with the following talks: Relation of the Church to the College, by Dr. M. H. Valentine; Preparation of Programs, by Mrs. W. F. Strouse of Baltimore; Increasing Membership of Local Leagues, by Mrs. J. F. Dapp of Harrisburg; Conducting the Business, by Mrs. Chas. E. Hay, of Baltimore; Securing Attendance of Members of Local League Meetings, by Miss Mary Small Baum, of Philadelphia.

Report of College Y. M. C. A. was made by Paul Wagner, Secretary. Other reports were received and officers elected.

The convention closed most happily with a luncheon Friday afternoon at Hotel Gettysburg.

THE POOR BOY'S COLLEGE

THE HIGH SCHOOL SHOULD BE AS GOOD AS IT CAN BE MADE.

Vote for the Loan to Increase the Debt for a New Gettysburg High School.

The public high school is the poor boy's college. It was designed especially for the benefit of the boy—or girl—who cannot afford, for one reason or another, the expenses or time of a four years' college course. The man of means can, and frequently does, send his son to private school for preparation and afterward to college. The man of small salary for the most part cannot do this. He must rely on the public school. If it be good, his boy gets the chance to which he is entitled. If it be badly equipped and lacking in efficiency, the poor boy is cheated of opportunities for self-improvement that rightly belong to him.

There is not a more cosmopolitan or democratic institution in the land than the high school. There rich and poor, foreign and native-born, sit side by side and learn the great lesson of Americanism—that individual worth is the only sure means of advancement and that wealth and position count for little against brain and brawn and the will to do. There poor boys learn that rich boys may be good or bad, bright or stupid, strong or weak, and there rich boys learn that the "rank is but the guinea stamp" and that "a man is a man for a' that." It is the rich boy's preparatory school and the poor boy's college. It should be made just as good as we can make it. Where the education of our boys and girls is concerned the best is none too good.

It is fair to vote against the loan without a knowledge of the problems of crowded conditions. If you have not found these out for yourselves why not take the word of those who have. Every citizen should be fair enough to do this or go to the schools and see for himself the crowded rooms with their problems. The only solution is a new building.

Gettysburg is in the position of many other nearby towns in needing a new High School and, comparatively, has been lower in expressing its needs in figures. The burden of millage in taxes to build and pay for a new building will be no heavier than hundreds of towns are now paying. Communities everywhere recognize that good schools are the best of investments, and for these are paying a millage of tax from 15 to 25 mills. It is estimated that a new building here would not go further than to a 15 millage, if it went that far.

The assessed valuation of the town has grown since last school building was erected and a large part of the new buildings was in the east end. Any new school building will give as much of an impetus to improvement as it did and such addition to the assessed value will take its burden of taxation.

The entire proposed loan of \$67,500 will not go into a building. A site may have to be acquired, furnace and ventilating plant installed, school furniture and equipment bought and these items would likely bring the cost of a building to \$50,000 and certainly past experiences would advise a building of a size to cover needs for many years to come.

The out-of-town pupils present one of the real helps toward the financing of the building. These pupils form a bond between town and country to make friends for the town and its business. Before any building could be completed the out-of-town pupils will be paying enough to cover the four per cent. interest on the loan. This would be \$700. These pupils will likely put into the school treasury this year over \$200.

Many of our citizens are enthusiastic in their support of the new building. In interviews they have said:

Prof. H. M. Roth: The present High School building is entirely inadequate.

Dr. J. A. Singmaster has said the best is none too good for our boys and girls and the voters should generally give the alignment needed.

H. T. Weaver: Good schools are a splendid advertisement for a town, telling that it is progressive and aggressive, a good place to live in and do business.

C. S. Reaser: I am red hot for the new school building. Through education comes the training to make for efficiency in the struggles in life and business.

T. J. Winebrenner: I am in favor of a new building. The better education can be made, the better it prepares the boy or girl for life.

Prof. C. F. Sanders: I couldn't bear to look into the face of a child next Wednesday if I had on my conscience the burden of having voted to rob him of his rightful privilege.

Don't fool yourself with a vote for C. Wm. Beales if you are Dry.

- you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

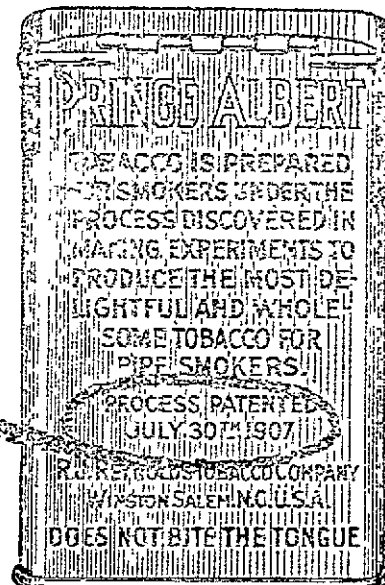

"PROCESS PATENTED JULY 30TH, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery now-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The toppy red bag sells for a nickel and the tidy red tin for a dime; then there's the handy some pound and half-pound tin humidor and the pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such bang-up trim all the time!

This is the reverse side of the Prince Albert tidy red tin. Read this "Patented Process" message-to-you and realize what it means in making Prince Albert so much to your liking.

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

New corn is selling here at 65 cents the double bushel of ears.

Owing to the severe blight on the chestnut trees the chestnuts were nearly an entire failure.

Turnips, pumpkins and the late planted potatoes are a short crop in this section. David Showers planted 24 bushels and only got 28 bushels owing to so much rain and the ground being too wet to cultivate them the weeds sprung up and choked them out from the plot of ground he had planted. He should have got 300 bushels.

Philip Hartzell, who was so badly hurt in an automobile crash, and is not able to work, will have a corn husking on Thursday the 9th inst. Everybody invited.

On a twig 19 inches long from Mrs. David G. Minter's orchard, were 22 nice perfect apples.

Virginia Dedication Next May.

Col. John P. Nicholson has received a letter from Governor Stuart of Virginia in which he is advised that he has taken up with the reunion officials the matter of dedicating the Virginia monument in May next. The monument has been completed and was inspected by the commission in New York on Monday, Oct. 30. It is expected that the plans of the dedication will be made public at an early date.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray is a remedy that relieves at once. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 55 Warren St., New York.

The Easy Vacuum Washer.

WHAT MR. TAFT THINKS OF PRESIDENT WILSON

This is no time to point out mistakes of the past. This is no time, by attacks upon the General in command, to give the idea that our commander has not a united people behind him.

We are fortunate in having kept out of the present European War and we ought to support the Administration in keeping us out. If we had a jingo in the White House this country would now be at war with Germany.

He (Wilson) is not a Democrat President. He is our President. He is first an American, the same as we are. We must all be Americans first. —Ex-President Taft.

Greatest Benefit to Farmers.

When Congress passed the Rural Credits bill a few weeks ago it placed upon the statute books a measure of greater direct benefit to the farmers of the United States than any legislation enacted since the creation of the Department of Agriculture, now nearly a generation ago.—The National Monthly.

Allen's Foot-Ease for the Troops.

Many war zone hospitals have ordered Allen's Foot-Ease, the antiseptic powder to shake into the shoes and use in the foot-bath, for use among the troops, because it gives rest and comfort to hot, tired, aching, swollen, tender feet and makes walking easy. At druggists everywhere, 25c.

The Cord Terminals

A Bell desk stand has been taken apart. See how the cord leads in through the stand to the "lock-nut" connections on the bar?

There are 116 parts in a telephone instrument and the years have shown this to be the smallest possible number; but notwithstanding the care and skill in assembling and connecting, a tiny nut will sometimes work loose. It's the hard "jar" often repeated—like the "drops of water that wear away the stone"—that makes the trouble.

You can help to safeguard the high quality of your Bell Service if you try to avoid the "jolts."

WOODROW WILSON

President of the United States

"HE HAS KEPT US OUT OF WAR"

This is the face of a man strong, courageous, patient and kindly, a man—

Always alert to the aspirations of his fellow-man and sympathetic toward their fulfillment;

Never complacent toward the encroachments of privilege nor tolerant of social wrong;

Always seeking to enhance the dignity of labor and better the state of the toiler;

Never lending an ear to the sophistry of exploitation or the blandishments of expediency;

Always patient to hear and weigh, to appraise and analyze, and passionate to find the way of right;

Never premature in purpose nor prejudiced in judgment, and never headlong in decision—

Such is WOODROW WILSON.

THE NEW TRUST.

It is all over but the voting—and then, Wilson for Four Years More! Four years more of peace and prosperity while the wheels of the nation drive on toward our destined goal—World Leadership!

That is to be our destiny.

Nothing can stop it but a return to the reactionary party which for forty years saved its bosses' bacon while the people, the great American people, struggled onward toward individual and collective freedom.

Yes, the nation came into its own not because but in spite of the Republican Party. It was the American people who cleared the forests, drained the swamps, blazed the trails, opened the mines, dug the coal and the gold, made the prairies into wheat and corn fields, and fenced in the great plains for cattle.

The American people, sprung from the loins of men who dared and women who toiled, have laid the foundation of the greatest Republic known to history, and raised thereon the fairest flower of civilization in all the world.

All this has been done despite the handicap of Political Bosses and the insidious toll of Predatory Interests.

While the Pioneer grew into the Settler and the Settler became the Farmer and yellowed the vast plains with the bearded grain and browned them with the russet corn—

While barefooted children trudged down the shady lane or over the long hill to the little red school house to read of the wisdom of their Benjamin Franklin, the patriotism of their Patrick Henry, the ingenuity of their Robert Fulton, Eli Whitney, and Robert Hoe, the democracy of their Jefferson, of the only Washington who fathered his country, of the immortal Lincoln who saved, and whose spirit will forever unite the nation—

While these little children around the old stove sang "My Country, 'tis of Thee, Sweet Land of Liberty"—

While these same little children at night at their mother's knee learned to bow their heads to their God who had given them birth in the Land of the Free and the Home of the Brave—

While simple men sweated and toiled on and loved their work and their home and their country—

While sweet faced mothers delved in toil and span strong men to do the nation's work:

Greed crept forth clad in frock coats and a well distended skin and an oily tongue, and slowly, surely, insidiously gathered up the fruits of the sweat and the harvest of the fields, orchards and mines, and by special privilege, by fraud, by bribe, by graft, by trickery, by knavery, by treachery, yes, and by treason, caused themselves to become the richest clique known in the world's history.

The core of this clique is the permanent inner ring, the Invisible Government of the Republican Party.

This clique, disagreeing on a candidate four years ago, fell out, and the American people came back into their own under the leadership of Woodrow Wilson, who has held inviolably sacred that trust thus put into his hands by Fate. And by the grace of God the American People propose to go on with that tried, true, great man who trusts them because he knows they trust him.

Woodrow Wilson is a new Trust in America—greater than all others—greater because he stands for no Trust, is backed by no Trust, and is the candidate of no Trust, but is the trust of the whole American people, who love him because he has kept them out of war, honor him for his courageous Christian humanity, and thank him for his broad statesmanship and his fearless, intelligent leadership.

By his deeds and by his acts, as well as by the enemies he has made, his place in the roll of American honor is secure—Washington, Lincoln, Wilson.

Woodrow Wilson deserves the vote of every man and every woman in every state in the Union.

PRESIDENT PLEDGES GREATER PROGRESS

Laws Must Fit New Life Mr.
Wilson Tells the American
People.

HIS RECORD OF DEEDS DONE

U. S. Rights Upheld With Honor,
Farmers Aided, Business and Labor
Benefited, Children Protected
—Women's Votes Needed.

Shadow Lawn, N. J., Oct. 28.—To the American people Woodrow Wilson today gave an accounting of his administration as their President. He "balanced his books" so that the record stands clear. Promises fulfilled, great deeds done! That, in short, tells the story. And yet the story is not finished. Other chapters in the great Book of Human Progress remain to be written. It rests with you, American Voters, to say whether the man who began the book shall finish it.

Here, in the President's own words, is a plain statement of what he, as leader not only of the Democratic party, but of the nation, has accomplished in your behalf and of what he plans for your future—a statement made not alone to the thousands who journeyed here, but to you and the hundreds of thousands throughout the country who celebrated "Wilson Day."

THE PRESIDENT'S SPEECH.

"My Fellow-citizens:

"This is called 'Wilson Day' only because for six years, first as Governor of New Jersey and then as President of the United States, I have been permitted to lead first a great state and then a great national party along the ways of progress and of enlarged and regenerated life which our people had so long sought and so long been held back from by the organized power of selfish interest, and because the great honor has fallen to me of being chosen once more spokesman and representative of the men who mean to hold the country to these ways of peace, humanity and progress. It is of these forces that I shall speak and not of myself, who am merely their servant.

"What are these forces? Whence do they spring? What have they accomplished, and what is their programme and purpose for the future? It is plain what they are. They are the forces of humane, righteous, and patriotic purpose which have sprung up in our day in the minds of those who perceive the shortcomings of the law as it has hardened in America and who look forward with purpose and conviction to a new age in which government shall be indeed the servant of liberty and not of privilege.

"These are men who perceive that American law has not kept pace with American sentiment; that our law has been holding us rigid and immovable, until class has begun, in free America, to be arrayed against class; until what was legal has begun to play a more important part in our thoughts and determinations than what is human and right; and until America has begun to lag instead of lead in reconciling what is with what ought to be.

Dawn of a New Age.

"A new age had dawned upon us while those who were attempting to lead us were stumbling along with their heads over their shoulders, intent upon preserving the conditions of a day that is gone. America had changed and the whole world had changed. Our commerce and industry had grown to such a bulk that the domestic markets of which our former leaders were always so solicitous were glutted and we were bound, unless we were to burst our jacket, to find a free outlet into the markets of the world. The time had come when our commerce needed freedom and would be throttled by further restraints.

"We had acquired foreign possessions, had been drawn into the politics of the world, had begun to play a part which could not be played by provincials, but must be played by citizens of the great world of nations. And yet we had not altered our policy or our point of view. The great European war has served at least to show us this one thing, that the world itself has changed: that it had become at once too big a world and too little a world to submit its destinies to the hostile rivalries and ambitions now of this and again of that member of the great family of men; too compact, too intimate in its contacts, too universal in its way of intercourse, to make it any longer possible to limit the effects of any nation's action to a single, separate sphere where the rest would be untouched."

"An inevitable partnership of interests has been thrust upon the nations. They are neighbors and must accommodate their interests to one another, or else disturb the lives and embarrass the fortunes of men everywhere. No wonder that in such an age men in America should be cried awake and feel once more, as they felt them in the days when their great republic was set up, the compulsions of humanity and of justice!

Squaring Laws With Life.

"These are the freshening winds blowing out of the life of mankind

everywhere, that have brought on a new day in American politics. We have looked once more very critically at our own laws and our own practices and have set about to square them with the actual conditions of our life and the life of the world."

"Four years ago there were two parties in the field whose programme was conceived under the influence of these great forces of progress and adjustment, the Democratic party and the Progressive party. This year there is but one, the Democratic party. In the presidential election of four years ago some fifteen million votes were cast. Of these, nearly ten and a half millions were cast for the candidates of the two progressive parties, only three and a half millions for the candidates of the Republican party, the party which lingered in the old ways and felt none of the new impulse of a new day. More than two-thirds of the voters of the United States favored then, and favor now, a programme whose object is to serve the changing needs of humanity and progress.

"The Democratic party was entrusted with the task. These powerful forces of the new age were put under its direction. And under that direction what have they accomplished?

"They have put both the business and the life of the country upon a new footing.

Financial Credit Released.

"They have released the financial credit, upon which commerce and production alike depend, from the control of small groups of financiers and bankers at the speculative centers.

"They have released the commerce and industry of the country from the domination of those who were building up their power by selfish and unfair methods of competition.

"They have supplied those who wished to conduct their business in conformity with the spirit of the laws with friendly guidance and delivered them from a nervous fear of the courts.

"They have released our foreign trade from the shackles of a tariff contrived in the interest of special groups of favored producers, and have created a Tariff Commission intended to substitute public for private influences, facts for theories and pretensions, in all future legislation with regard to duties and restrictions on imports.

"They have made provision for the immediate and systematic development of our carrying trade on the seas.

"They have at last supplied the means by which the nation may be bound together, materially and spiritually, by a network of good roads upon which both commodities and sympathies may move freely from community to community.

"They have put the farmer upon a footing of perfect equality with business men and men of all other callings in respect of his access to commercial credit; have placed a great bureau of the Government at his service in seeking and finding his best markets; have protected him by the establishment of definite standards in the sale of his products, and have put the scientific knowledge of the world at his disposal by practical demonstration at the expense of the Government upon the farms themselves.

Have Emancipated Labor.

"They have emancipated the laborers of the country from the unjustified restraints which the courts had put upon them by mistaken applications of old law to new circumstances and conditions.

"They have released the children of the country in large part from hurtful labor; have sought to safeguard the lives and the health of our laborers in dangerous occupations; and have put agencies of the Government itself at the service of those who seek employment. And most of these things have been done within the brief limits of a single administration. "And still the great work is not finished. It can never be rounded off

and concluded so long as circumstances change and the fortunes and relations of men shift and alter. The question you have to decide one week from next Tuesday is whether it shall be prematurely interrupted, perhaps for a generation to come, and all the generous forces of the age and of the world thrown back upon themselves in discouragement and confusion.

"The programme remaining is as great as the programme accomplished. The procedure of our courts is antiquated and a hindrance, not an aid, in the just administration of the law. We must simplify and reform it as other enlightened nations have done, and make courts of justice out of our courts of law. We must seek and find the means of bringing capital and labor to a clear understanding of their common interests, which are no other than the interests of the nation itself as a community. We must release our great undeveloped natural resources upon some sensible plan of use and conservation.

Need Votes of Women.

"We must recruit the votes of forward-looking men by the votes of women so that we may have a fresh insight in all matters of social reform and move more certainly and more promptly in the solution of the many new problems of society with which the law must henceforth deal. We must unite the Americas, North and South, in a new sympathy and co-operation.

"We must seek justice and the right through every channel that offers; and we must put America in all its force, in all its wealth, alike of physical power and spiritual enthusiasm, at the service of the other nations of the world when peace comes on the other side of the seas, to make that peace permanent by establishing it on the everlasting foundations of right, co-operation, equality and justice. These things we must do and all else that may serve mankind.

"And our motto must be **CO-OPERATION**, the union, not the hostile rivalry, of the forces of society within the nation and within the family of nations. The interests of mankind can never again be served by aggression; the interest of no nation or group of nations can ever again be served by aggression. The contests of jealousy are as bitter and as dangerous as the contests of arms.

Must Press Reforms.

"The world must henceforth seek the means of accommodation, not the means of arresting quarrels merely. The nation we love and serve must be among the first and foremost of those that rise to the new ideals with spirit and well directed force.

"Such is the prospect, such is the programme, my fellow-citizens, to which we look forward, to which it is our purpose to move forward with enthusiasm and irresistible ardor. We will not pause in the midst of our task. We know that we stand at one of the most critical junctures in the history of the world, when all hopes hang in the balance.

"We will suffer no man, no body of men, through timidity or fear or jealousy, to delay or hinder or embarrass us. Reaction can have no place of tolerance amongst us when all the world waits upon those who plan justice and progress.

"I summon you, not only to sustain, but to swell, the hosts that have their faces now set towards the light, their eyes lifted to the horizons where the dawn of a new age begins to brighten; and I summon you with confidence, with a certain expectation of the part America and her great people are to play when the dawn broadens into day."

VOTERS, THINK IT OVER!

Roosevelt is the guiding spirit of the Republican campaign. He is the substance — Hughes is the shadow. You know what Roosevelt stands for—agitation, jingoism. He has declared openly his regret that this country did not get into the European War. Do you want Roosevelt, and Hughes, and War? Or do you want more Peace and Prosperity under Wilson?

FARMER REAPS GAIN BY EIGHT-HOUR LAW

Prevented Tying Up of Crops
Valued at \$6,000,000,000.

BY FRANK G. ODELL

Editor Nebraska Farm Magazine.

The New York Sun quotes James Wilson, of Iowa, former Secretary of Agriculture, as saying that the farmers were hit hardest by the Adamson Eight-hour Law, which stopped the threatened general railroad strike. According to The Sun, Mr. Wilson said:

"The farmer has no eight-hour day. Should that number of hours become general in all occupations, including the farm, the prices of food would rise still higher than those current."

The logic of the venerable ex-Secretary is bad. The farmer is not worrying about the high price of food. He raises his own food. He grows food for sale. That's his business. If, as the ex-Secretary says, the eight-hour day will increase the cost of food,—the farmer has everything to gain.

And "Uncle Jim" has overlooked the fact that the farmers of the United States had not less than \$6,000,000,000 worth of products practically ready to send to market when the strike crisis was imminent at the first of September. The threatened strike would have paralyzed the farmer's market and stopped the wage of the worker in every industry.

Incalculable losses, running into hundreds of millions, were averted when the strike was prevented. Woodrow Wilson did it.

"Tama Jim" was Secretary of Agriculture through four Republican Administrations—sixteen years. These were sixteen years of monopolistic control of the farmer's market. During this period, these great combinations, which have stood between the producer and the consumer, reached the zenith of their power. Greed and extortion ran riot.

During this period, the farmers of the country complained continually of capitalistic extortion. They held conventions throughout the great grain and live stock belt to voice their protest. They sent deputations of able men to Washington. They sent their appeals for justice to the Secretary of Agriculture and waited at the door of the White House during the administrations of McKinley, Roosevelt and Taft. They asked for bread and received stones of indifference. They demanded justice and received platitudes about "prosperity," "contentment," and "making two blades of grass grow where one grew before."

Then came another Wilson—Woodrow Wilson. Things began to change. David F. Houston was made Secretary of Agriculture. For the first time in the history of the Government, the business problems of the farmer received the attentions of his Government. The Office of Markets and the Bureau of Rural Organization were created to help him break the stranglehold of entrenched monopoly. The epoch-making Rural Credits Law was passed by Woodrow Wilson and a Democratic Congress. The power of the usurer and extortioner was broken when that Act was signed.

The farmer has a good memory. He does not forget his life-long battle with entrenched privilege—organized and grown purse-proud during forty years of Republican indifference and misrule. He will not forget that it was WOODROW WILSON, the People's President, who saved his market from ruin on Sept. 2, 1916. The special pleadings of Republican defenders of special privilege and monopoly will find the farmers ready on Nov. 7.

MISS ELLEN BUDDY OF LITTLESTOWN FOUND DEAD IN BED

George L. Deardorff of Latimore Township Passes Away After a Brief Illness.

Miss Ellen Buddy, the oldest resident of Littlestown, was found dead in bed, early last Sunday morning, at the home of Joseph Bittinger, of Cemetery avenue, with whom she made her home. She was aged 95 years, 1 month and 10 days. She was bedfast for a period of two years. Death was due to the infirmities of old age. She was born near Littlestown, lived all her life in that vicinity and is survived by the following nieces and nephews: Mrs. Edward Groff of McSherrystown, Mrs. Harry Orndorff of Baltimore, Mrs. L. G. Staveland, Mrs. George Sneringer, Mrs. Harry Weaver, Mrs. Sarah McSherry and George Buddy, of Littlestown, and Henry Buddy of Bonneauville. The funeral was held Tuesday in St. Aloysius Church, services by Rev. W. J. O'Callahan, interment in St. Aloysius Cemetery.

George L. Deardorff, a lifelong resident of Latimore township, died at his home about four miles from York Springs last Friday following an illness of about a month, aged 78 years. He was born and raised in Latimore township and throughout his life was engaged at farming. He also owned the milling stand near York Springs known as Deardorff's Mill. He was prominently identified with the affairs of his township and active in Republican politics in the county. He was a candidate for the legislature in 1894. He leaves a wife and one daughter Mrs. Wailman, living in New York State. The funeral was held Monday, services in Latimore Meeting House at 2 o'clock, conducted by the pastor, interment in cemetery adjoining.

He was a son of Absalom and Sarah Asper, both deceased, and was born near Ground Oak Church. Mr. Asper was a resident of Adams county until after the death of his wife, which occurred in May, 1914, when he went to the home of his brother and has since resided there. He leaves one brother, Rev. J. U. Asper and two sisters, Mrs. H. M. Smick and Mrs. M. E. Delp, both of Gardner's R. D. Funeral was on Tuesday, services and interment at Ground Oak Church, of which he was a member for more than 50 years, services by Rev. D. R. Becker, the pastor.

Jacob Krug, a well known citizen of Hanover, died on Sunday after an illness of five weeks from pneumonia, aged 63 years, 1 month and 9 days. He was a son of the late George and Mary Shildt Krug and was born in Conewago township, Adams county. In early life he engaged in the manufacture of cigars, later worked at the trade of cigarmaking, and for a number of years had been in the employ of the Ehrhart-Conrad Co. For some time past he was in the service of the Western Maryland Railway Company on the Hanover yards. Mr. Krug was married to Miss Catharine Zeigler of York, who survives with the following children: Guy R. Krug of Hanover, Charles Z. Krug of Philadelphia, Arthur E. Krug, Mrs. John Conrad and Miss Miriam Ruth Krug at home. Two sisters, Mrs. John Dubs of Hanover, and Mrs. Henry Treiber of Midway, and a brother, Wm. Krug, of Midway, also survive. Funeral was held on Wednesday by Rev. A. M. Heilmann, interment in Mt. Olivet Cemetery.

Robert H. Patterson, a respected resident of Emmitsburg, died on Monday at the home of his nephew G. Meade Patterson, aged 85 years. Death was due to pneumonia. Mr. Patterson was born in Adams county across the line from Emmitsburg, and engaged in farming for the greater part of his life. Mr. Patterson never married, and resided with his nephew, G. Meade Patterson. He was the last of four brothers one having died at the age of 79 years and two at the age of 85 years. Mr. Patterson, until a victim of the severe cold, had been feeling in his usual good health. Monday morning he rose from his chair and walked into the bath room, where he fell over. Death ensued instantly. He was a member of the Presbyterian Church.

Clayton H. Mower, a former resident of Shippensburg, died at his home in Detroit, Mich., Tuesday of scarlet fever at the age of 23 years. He was born in Shippensburg and graduated from Shippensburg High School and Philadelphia College of Pharmacy, class of 1916. His parents had resided in Shippensburg but about a year ago moved to Detroit. Mr. Mower was a grandson of Mrs. Mary Strickhouser of Gettysburg. He was a member of the Methodist Church, which he joined thirteen years ago. He is survived by his parents and two sisters, Misses Verna and Mildred Mower, both at home. Funeral and interment occurred in Shippensburg, burial being made in Spring Hill Cemetery.

Mrs. Isabelle Bushey, who was born and spent the early part of her life in the vicinity of Arendtsville, died at Holmesville, Ohio, on Oct. 23. She was aged 94 years. Mrs. Bushey was a sister of James L. Taylor of Arendtsville, who is 91 years of age.

GERMAN BRAND ON HUGHES.

(Continued from page 4.)

Doubtless they are mistaken in their estimate of Mr. Hughes. But an evil of incalculable potentialities will be established in our politics. If men of one race or two races can control our elections, the fatal example will bear fatal fruit. If "the Germans" can defeat or elect a President, the political banding together of men of other origins is feasible and inevitable. Americans will be no longer one people of many races, but a nation of discordant races, another Austria-Hungary.—New York Times

Understand the need of a new High School Building. The crowding is not alone in the High School building. The Meade Building is crowded beyond its capacity. The High Street building is simply packed. The three crowded buildings plead for better accommodations for the children.

POLITICAL DISHONESTY.

The voters should hit with a hard thud a campaign that presents an issue of political dishonesty like that of the State Senator. How can a conscientious voter vote for a candidate who has lined up for himself the wet votes in Adams county and is trying to line up the dry votes in Franklin county, like Mr. Beales. A candidate should be consistently one thing, and it is impossible for him to be wet in Adams and dry in Franklin as Mr. Beales is for State Senator. He can not be true to both. He must be false to one and for the voters to gamble on the issue he will be true to is an absurdity. The holders of licenses in Adams county have resolved to support Mr. Beales. These men know what they are doing. They know Mr. Beales is so much of a Penrose man that he will go wherever Penrose leads. They know that Penrose stands for the protection of the liquor interests against the people. Are the voters of Adams going to be so gullible as to be caught helping Penrose and the liquor interests because Mr. Beales is accounted a good fellow? Is it possible that wets and dries are both going to vote for him when he says with one hand I am for local option and with the other local option will be killed in committee and I will never be called upon to show how I fooled the people. Are the voters going to sell their birthright to an honest issue for a mess of pottage. We hope not and the way to avoid it is to vote for the one who represents one issue all the time, local option. Vote for T. J. Breerton.

The man who pays the \$1.00 head school tax can not be asked to pay one cent more tax for a High School building. He should vote his children the best education to be had. On those who own property and have accumulated falls the larger part of the burden of providing for an educated citizenship. It is to their interest and the protection of their rights to have an educated citizenship.

A PLAIN ISSUE.

The contest for the legislature is a plain issue. There is no doubt as to where the candidates stand, no dust throwing. D. C. Rudisill stands on his record. He is for a local option law which means that the people are intelligent enough to decide for themselves whether they want licenses or not. His opponent has declared that he will not support a local option law, in other words that the people should not be allowed to decide for themselves what kind of an environment they should have in their towns and about their homes. Local option is a Democratic issue, it is home rule. Mr. Rudisill stands on this issue squarely. Vote for him.

Surprise Party as a Welcome.

Mrs. O. P. House of Bendersville, who has been making an extended visit at Clarence, Iowa, returned to her home on Friday evening. A very pleasant surprise had been arranged in honor of her return. When she alighted from the automobile the Bendersville Band, which had gathered for the occasion began playing "Home Sweet Home" and much to her surprise she found her house completely lighted by a new electric system. A number of friends were at the house to receive her and later a dinner was served to forty guests. Mrs. House found under her plate at the dinner table a beautiful diamond ring, the gift of Mr. House.

Chickens and Kerosene

How happy old Mother Dominique is with her fluffy little brood! Some people think chickens will thrive on 'most anything they pick up. But you know they'll never get nice and fat or be good layers unless they get the right kind of feed.

And it's the same with your lamp and oil stove. You'll never get the light you want or the heat you need till you use

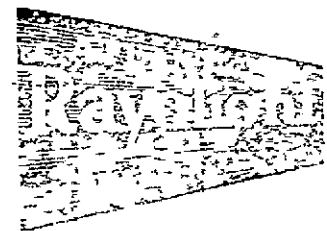

There's all the difference in the world in oils. Start using this really refined kerosene and watch results. Its smooth, mellow rays make reading a delight. Its radiant, comforting heat defies the wind and cold. That nasty, burning smell is missing. That annoying smoke you thought a necessary evil isn't there. At last you have found the kerosene you've always wanted.

And it costs no more than ordinary kinds.

WILSON'S LATEST MESSAGE.

Read Wilson's latest message to the people given last Saturday on Wilson's Day. The words of this great man reverberate through the hearts of the people. Listen.

We must recruit the votes of forward-looking men by the votes of women so that we may have a fresh insight in all matters of social reform and move more certainly and more promptly in the solution of the many new problems of society with which the law must henceforth deal.

We must unite the Americas, North and South, in a new sympathy and co-operation.

We must seek justice and the right through every channel that offers; and we must put America in all its force, in all its wealth, alike of physical power and spiritual enthusiasm, at the service of the other nations of the world when peace comes on the other side of the seas, to make that peace permanent by establishing it on the everlasting foundations of right, co-operation, equality and justice.

These things we must do and all else that may serve mankind. And our motto must be "co-operation," the union of the forces of society within the nation and within the family of nations.

Put the seal of your approval on the Peace you are enjoying by a vote for Wilson.

PEACE, PLENTY AND PROGRESS.

President Wilson and the Democratic Administration have been true to the business men of the country. The new Currency System, the Tariff Commission Act and the Trade Commission Act are evidence of this.

President Wilson and the Democratic Administration have been true to the farmers of the country. The Farm Loan Act giving them credit on reasonable terms and means of obtaining long-time loans, the Good Roads Act and the series of laws stabilizing commerce in farm products and making knowledge of scientific agriculture available in a practical way on the farms, are evidence of this.

President Wilson and the Democratic Administration have been true to the twenty million toilers in the country. The Clayton Act, the anti-injunction law, the Adamson 8-Hour Law and the related laws giving labor its just due are evidence of this.

President Wilson and the Democratic Administration have been true to all Americans by enforcing a strictly American policy in foreign affairs at a time when powerful organizations have sought to sway the American Government to a course which would have embroiled it in the European War. The fact that he is opposed by the supporters in this country both of the Allies and of Germany are evidences of this.

The result is that America has Prosperity; that America has Peace and Honor; and by the enactment of the many constructive laws in The Record of Achievement, has Progress.

Vote for A. R. Brodbeck for Congress and thereby give Wilson support from this big Democratic District.

STRIKING TRIBUTE.

William Allen White wrote to Kansas Democrats this striking tribute to President Wilson:

"How well he seems to have managed it—this whole sordid business of going to war; how fair he has been; how patient, how dignified, how infinitely gentle and kind! No bluster; no threats; no snicker of anticipation; no licking of Nation's chops—just a simple-minded, brave, soft-hearted, hard-headed man. It is sad enough to go into war of any kind at any time; but it is less sad to go knowing that every honorable means has been taken to keep away from war. And this consolation President Wilson has given us by his wise, forbearing, Christian attitude before the provocation of a foe mad and desperate and foolish. The good God, who knows and watches over all and sees all and directs all, was in our hearts deeper than we knew when as a Nation we chose this great, serene soul to lead us." Give this great leader your appreciation with your vote.

Pure Blood

Is absolutely necessary to give the health that brings happiness, a good appetite, restful sleep, and makes you eager for life's duties. HOOD'S SARSAPARILLA makes pure blood and so creates this much-desired condition.

WOODROW WILSON.

INDEPENDENTS.

Dr. Charles W. Elliott, President Emeritus of Harvard University, states with great clearness the position of Independents and Progressives. He says:

"On the whole, the independent voters are likely to act in November on two simple, well-grounded convictions: First, that the Democratic Party has done such an extraordinary amount of good work during the present Administration that the period from 1912 to 1916 will be memorable in the history of the United States; and, second, that the man chiefly responsible for this consummate service to the American people should be again made their chief servant."

Put your disapproval on political dishonesty. Make a man be wet or dry. Don't help him to be wet in Adams and dry in Franklin. If you do, you are up in the air. He can not serve two masters.

PUT DEMOCRATS IN CONGRESS.

Every man who votes for Woodrow Wilson for President should vote for the Democratic candidates for Congress and for the United States Senate.

Woodrow Wilson's candidacy today rests upon his record of progressive achievement and its guarantee to complete this record by applying the new progressive laws fairly and efficiently.

When you vote for Wilson you vote for his progressive policies and deeds. When you vote for members of Congress, you should vote for men who (1) have voted for Wilson's progressive policies and deeds and who (2) will vote in the House and Sen-

ate to support, carry out and carry on these progressive policies and deeds.

It was a Democratic Congress that put through the Record of Achievement. Another Democratic Congress is absolutely necessary to continue, apply and complete the good work.

Be sure to vote for the four Democratic Congressmen-at-Large, the Democratic candidate for State Senate, and in the 20th Pennsylvania Congressional District for Andrew R. Brodbeck.

The man who pays the \$1.00 head school tax can not be asked to pay one cent more tax for a High School building. He should vote his children the best education to be had. On those who own property and have accumulated falls the larger part of the burden of providing for an educated citizenship. It is to their interest and the protection of their rights to have an educated citizenship.

QUESTIONS FOR VOTERS.

Voters, are you for progress under Wilson or reaction under Hughes?

Voters, Your hands are not red with the blood of your men;

There are no empty places at your firesides;

Your country has not lost honor, but rather, as won honor in full and lasting measure;

Your President is not a coward, but is a man to be proud of and of whom, no matter what you do now, your sons and grandsons will be proud of;

Your Government has been wrested from the grip of sinister and selfish interests and restored to you; You are prosperous with a prosperity that is clean of blood and of corruption—and is distributed evenly over this land;

You have peace and you have honor, and you have the just rewards of both.

All this Woodrow Wilson has done for you. What are you going to do for yourselves?

There is no way you can be true to yourself and not vote for the man who has done so much for you. That's why the Wilson landslide is due.

Don't fool yourself with a vote for C. Wm. Beales if you are Dry.

VOTE FOR JUDGE WALLING.

Judge Emory A. Walling is the judiciary candidate to vote for, for the Supreme Court. Hon. A. Mitchell Palmer, Democratic National Committeeman from Pennsylvania urges Judge Walling's election. He says: The non-partisan Judiciary Law will prove itself a sad failure if Judge Walling is not elected by a large majority. His ability as a lawyer and his fine record as a judge through many years of service, make him pre-eminently qualified for the Supreme Court bench. His appointment by the Governor met with wide-spread approval on the part of the Bench and Bar of Pennsylvania, and I confidently hope that his service may be continued by his overwhelming election by the people.

TEN QUESTIONS TO MR. HUGHES.

1. Why is Wall Street for Hughes?

2. Why is the disloyal vote for Hughes?

3. Why are the great financial interests that are still plotting to substitute a central bank for the Federal Reserve System for Hughes?

4. Why are the tariff monopolists who dictated the schedules of the repudiated Payne-Aldrich tariff for Hughes?

5. Why are the chief opponents of American neutrality for Hughes?

6. Why are the advocates of armed intervention and war with Mexico for Hughes?

7. Why are the trusts for Hughes?

8. Why are the champions of military conscription for Hughes?

9. Why are all the elements of political reaction and political Bourbonism for Hughes?

10. Why is every enemy of industrial, financial and corporation reform for Hughes?

These forces are for Hughes for their own selfish purposes. They represent privilege seeking to get in the saddle under Hughes to the prejudice of the interests of the people, as conserved and protected by Wilson.

C. Wm. Beales is wet with Penrose and can not be dry with you. Vote for T. J. Brereton for State Senator.

GERMAN BRAND ON HUGHES.

The German brand is on Mr. Hughes and he dares not tear it off. His election would be taken in Germany, in every foreign country, as a German victory. It would be acclaimed with dithyrambic rapture by the American-Germans as their vic-

VOTE FOR

THOS. J. BRERETON

OF CHAMBERSBURG

For State Senator

MR. BRERETON is fearless and honest. There is no hypocrisy in his make up. During his campaign he has not gone about making lavish promises merely to catch a stray vote. He is against Penroseism and sincere in saying to the people in both Adams and Franklin that they should have the right to vote on Local Option. All phases of the matter considered the voters of both counties will do well to elect Mr. Brereton to the State Senate. His work and voice will be for the best interests of the people. He deserves the earnest and energetic support of all well thinking voters.

YOUR OPPORTUNITY IS NOW. DON'T MAKE A MISTAKE

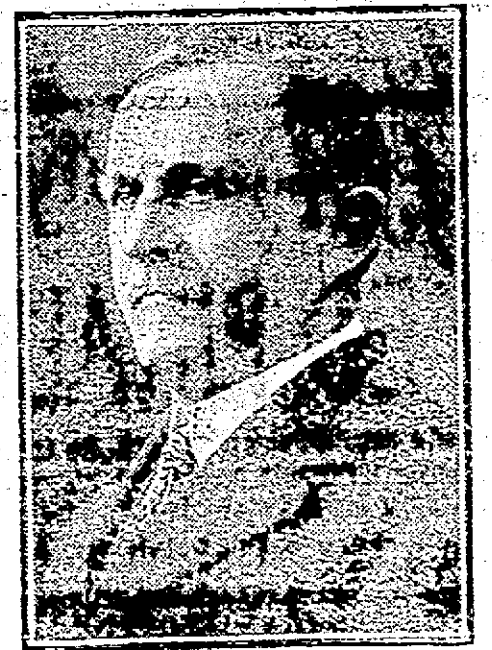

An effort has been made to impress on your mind the importance of voting on election day. Tuesday next, November 7th. Will you go to the polls? It is absolutely to your interest to do so. It may mean more to you than we can now think.

You of course do not wish a condition to exist here in our country that is now ruining Europe. A war that is resulting in the killing and crippling of millions of men, that is costing monetary loss of billions of dollars.

If you wish the peace and prosperity to continue which we now have and which was brought about through the manner in which President Wilson handled the country in a crisis, you should not only go to the polls, but vote for him, because of what has been done through him with the assistance of Congress, and it is highly important that there should be elected a Congress that is in sympathy with President Wilson.

Mr. Brodbeck the nominee for Congress, has clearly demonstrated that he stands for you, that he stands for the country at large, that he stands with and by President Wilson, and will continue to do so in the measures that have resulted in the peace and prosperity which we now enjoy.

If necessary, it is worth your while to take hours off on election day and be sure to vote, because it will be the best time you have ever spent.

A. R. BRODBECK.

Vote for Rudisill

D. C. RUDISILL

ise in the last Legislature. He will do so again.

Voters have a right to know what a candidate stands for in giving him their support. Mr. Rudisill's position has always been certain. He promised faithfully to represent the interests of the people. He fearlessly kept his promise

DO YOU WANT PEACE WITH WILSON, OR WAR WITH HUGHES?

There is only one choice as against peace, and that is war. Some of the supporters of that (the Republican) party, a very great body of the supporters of that party, outspokenly declare that they want war; so that the certain prospect of the success of the Republican Party is that we shall be drawn in one form or other into the embroilments of the European war, and that to the south of us the force of the United States will be used to produce in Mexico the kind of law and order which some American investors in Mexico consider most to their advantage.

There is a more serious aspect even than that. There is an immediate result of this thing, my fellow citizens. From this time until the 7th of November it is going to be practically impossible for the present Administration to handle any critical matter concerning our foreign relations, because all foreign statesmen are waiting to see which way the election goes; and in the meantime they know that settlements will be inconclusive. From President Wilson's address to the Young Men's Democratic League at Shadow Lawn, Sept. 30.

David Lubin, of California, founder of and United States delegate to the International Institute of Agriculture, at Rome, Italy, is the world's greatest agricultural leader, and says of President Wilson: "He sees their, (the farmers) needs in a big way, and his mind is as clear as a bell. I have found President Wilson most kind and sympathetic toward the interest of the farmer."

Rev. Dr. Percy Stickney Grant, of New York City, a leading clergyman, who voted for Col. Roosevelt in 1912, and never voted the straight Democratic ticket, says of President Wilson: "Mr. Wilson is the only original thinker on political questions we have had in the White House since Lincoln, and I shall support and vote for him."
